EINPresswire.com/ -- Prime 1 Studio announces the opening of pre-orders for the Real Elite Masterline "Neytiri & Thanator," based on the film "Avatar" (2009).

This 1/4 scale statue features Neytiri, a warrior of the Omatikaya clan, paired with Thanator, drawing inspiration from the film's final battle against the RDA.

Neytiri's sculpt includes flowing hair, war paint, and a bow and arrows. The white handprint beneath her chest ornament is painted as depicted in the film. The eyes are built with layered detailing, including the cornea and lens, to reflect her on-screen appearance.

Thanator is sculpted with an open-mouthed pose and includes detailing such as fangs, skin texture, and muscular forelegs, with paintwork designed to emphasize its form.

A Viperwolf is also included as a companion creature for the final-battle display concept.
