

Dialed In From The Start: DC Work Crew Launches Navigator Work Series with BOA® Fit System

The Men's Navigator Work Series by DC Work Crew takes that bold 90s style a step further with extra armor to make it our toughest work boot ever.

ST. LOUIS, MO, UNITED STATES,
December 15, 2025 /

EINPresswire.com/ -- Warson Brands, official licensee of DC Shoes under the DC Work Crew category, is excited to announce the launch of the Men's Navigator Work Series with BOA® Fit System.

The Men's Navigator Work Series by DC Work Crew takes that bold 90s style a step further with extra armor to make it our toughest work boot ever. The traditional lacing system is replaced with BOA® Fit System which delivers a micro-adjustable, precision fit, engineered and guaranteed to perform in the toughest conditions. A rubber bumper and molded heel counter help you navigate all obstacles throughout your workday.

The series contains three different models.

- DC60701 Black and Dark Gray Work Shoe is the most basic of the series, featuring electrical hazard protection, extra wide composite toe protection, and a slip resistant outsole (SRO):
