

# Factory Entertainment & Jazzinc Dioramas Team Up For 1/6 Scale Knight Rider

CA, UNITED STATES, December 17, 2025 /EINPresswire.com/ -- Pop culture collectibles companies [Factory Entertainment](#) and [Jazzinc Dioramas](#) announces today that they will be collaborating to produce a high-end, fully-licensed 1/6 scale model of the iconic Knight Industries Two Thousand vehicle (aka K.I.T.T.), which was featured on the hit 1980s TV show, Knight Rider.

The show, which ran on NBC from 1982 to 1986, became a cultural phenomenon that paired star David Hasselhoff with the AI-enabled, semi-autonomous, talking vehicle to fight crime weekly.

Due to its futuristic elements and the star's enduring charisma, the show retains a large and loyal fan following to this day.

"We are thrilled to be partnering with Jazzinc to bring an extraordinary 1/6 K.I.T.T. to Knight Rider fans," said Jordan Schwartz, CEO of Factory Entertainment. "Jazzinc has established itself as a leader in the 1/6 scale vehicle space, and its fan-forward approach to product development and attention to detail are completely consistent with our own."

Added Jazzinc Dioramas CEO Joost Assink, "For me, this is a dream come true. K.I.T.T. has been at the top of my personal wish list, and I know our fan base shares that excitement—they've been clamoring for this for years."

"Given Factory Entertainment's reputation in the high-end prop replica business and their impressive portfolio of fan-favorite licenses, I'm excited about the possibility of collaborating on 1/6 scale products for other properties as well."

The premium 1/6 scale K.I.T.T. model, which is expected to ship in early 2027, will come fully assembled and will measure approximately 32 inches in length. As the first fully licensed, screen-accurate 1/6 scale K.I.T.T. replica ever produced, it will feature authentic lights and sounds faithful to the original series. Pricing will be announced at the product launch. The model will be jointly developed and marketed by Factory Entertainment and Jazzinc Dioramas and will be available to order through each company's website beginning in the first quarter of 2026.
