

Study by Shih Han Chen Wins Silver in A' Interior Design Awards

Shih Han Chen's Innovative Reading Environment Recognized for Excellence in Interior Design

COMO, CO, ITALY, December 16, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected recognition in the field of [interior](#) design, has announced [Shih Han Chen](#) as a winner in the Interior Space and Exhibition Design category for the innovative work titled "Study". This prestigious award celebrates the exceptional design of the "Reading Environment" created by Shih Han Chen, acknowledging its outstanding contribution to the interior design industry.

The Silver A' Interior Space, Retail and Exhibition Design Award holds

significant relevance for both the winning designer and the broader interior design community. By recognizing projects that exemplify creativity, functionality, and innovation, this award sets a benchmark for excellence in the field. Shih Han Chen's "Study" not only meets these criteria but also showcases the potential for interior design to enhance user experiences and contribute to the advancement of the industry as a whole.

Shih Han Chen's award-winning "Study" stands out for its unique approach to creating a multi-storey reading environment. Each floor is imbued with a distinct spatial expression, allowing consumers to experience different feelings as they navigate the space. The design centers around the concept of "home", fostering a sense of warmth and comfort throughout the various levels. The incorporation of curved extensions, soft gray-blue hues, and light wood veneers contributes to an inviting, ocean-like reading atmosphere.

Study

The recognition bestowed upon Shih Han Chen by the A' Interior Space, Retail and Exhibition Design Award serves as a testament to the designer's exceptional talent and dedication to pushing the boundaries of interior design. This accolade is expected to inspire Shih Han Chen and the Thinking Design team to continue exploring innovative design solutions that prioritize user experience and functionality.
