

SGS to Showcase Digital Solutions at WCO Technology Conference 2026

BAAR, SWITZERLAND, December 19, 2025 /EINPresswire.com/ -- SGS, the world's leading testing, inspection and certification company, will attend the WCO Technology Conference 2026, taking place January 28–30 at the ADNEC Centre, Abu Dhabi, United Arab Emirates.

As a Gold Sponsor, SGS will highlight its leadership in trade facilitation, offering integrated digital solutions that deliver trusted trade intelligence. Backed by decades of experience, global expertise and proven collaborations with governments worldwide, SGS empowers authorities to streamline border operations, strengthen compliance and accelerate legitimate trade while safeguarding national interests.

The trade facilitation team will be present throughout the event, contributing to plenary sessions and sharing insights on how technology can enable smarter, more connected trade and efficient border management. Attendees are invited to meet SGS experts at booth G3 to explore the SGS Trade Integrity Program and its integrated suite of digital solutions, including:

- Valuation services (SGS e-Valuator®) – enable accurate customs valuation powered by the industry's leading price database, combined with automated transaction valuation assessments via a secure CMS interface
- SGS Cross-Border e-Invoicing (CBel) – drive interoperability, authenticity and integrity with

The SGS logo, consisting of the letters "SGS" in a bold, grey, sans-serif font. A vertical orange line is positioned to the right of the "S", and a horizontal orange line is positioned below the "S".

At WCO Technology Conference 2026, SGS will share insights on how technology can enable smarter, more connected trade.

validated electronic invoices for customs, tax and foreign exchange purposes

- Single Window – simplify trade documentation with one digital entry point for all import, export and transit information
- Product conformity assessment (PCA) – ensure products meet regulatory requirements and technical standards in importing countries
- Non-intrusive inspection (SGS D-TECT®) – centralize cargo scanning operations with AI-enabled automatic compliance assessment
- SGS e-Customs – empower businesses to move goods across borders with fast, digital, fully compliant customs solutions and consultancy services

In addition, *Ciro Cardoso*, Service Development Manager for Valuation Services at SGS, will participate in the plenary session titled 'Facilitation at Border: Digital Solutions for Seamless Trade' on January 29, 2026, from 9:10 to 10:05.

The WCO Technology Conference 2026 brings together customs and trade professionals in search of trusted intelligence and technology-driven solutions that accelerate legitimate trade, enhance compliance and strengthen global supply chain resilience.

Stakeholders are encouraged to [register now](#) for the WCO Technology Conference & Exhibition and [schedule a meeting](#) with SGS experts.

About SGS

SGS is the world's leading Testing, Inspection and Certification company.
