

# GSPANN Joins the MACH Alliance

*Reinforces Its Commitment to Delivering Future Ready Enterprise Solutions*

MILPITAS, CA, UNITED STATES, December 22, 2025 / EINPresswire.com/ -- GSPANN Technologies, Inc, a global IT consulting and digital transformation firm based out of the US, today announced that it has joined the [MACH Alliance](#) as a member.

By joining [MACH](#) Alliance, GSPANN

aligns itself with the five core MACH (Microservices, API-first, Cloud-native, and Headless) principles: Composable, Connected, Incremental, Open, and Autonomous. The membership strengthens the company capabilities to deliver modular, API-first, cloud-native, headless solutions that scale with evolving business needs.

“

As a member of MACH Alliance, we are strengthening our ability to deliver composable solutions that scale with our clients' ambitions and their markets' demands.”

*AP Grover, Co-Founder and President, GSPANN*

"The future of enterprise technology lies in architectures that evolve without disruption. GSPANN's focus on composable engineering and modern digital platforms makes them a strong addition to the MACH Alliance. Together, we will continue advancing the movement toward open, scalable, and interoperable ecosystems." said, Holly Hall, Managing Director, MACH Alliance.

This membership signifies a major step in GSPANN's mission to offer enterprise clients flexible, futureproof technology stacks. As businesses increasingly demand

agile and composable systems for digital commerce, data, and AI-driven transformation, GSPANN's MACH-aligned offerings will help clients build robust, scalable solutions without being locked into monolithic platforms.

"Enterprise systems must be built to adapt. MACH principles allow businesses to evolve without disruption. As a member of the MACH Alliance, we are strengthening our ability to deliver composable solutions that scale with our clients' ambitions, and their markets' demands." said

AP Grover, Co-Founder and President, GSPANN.

Through MACH Alliance membership, GSPANN will join a global community of certified partners and technology leaders. This will open new opportunities for collaboration, co-innovation, and the adoption of best practices in composable commerce, cloud-native services, and digital transformation.

With this move, GSPANN reinforces its position as a trusted partner for organizations seeking to modernize their technology infrastructure while keeping pace with evolving market demands and emerging technologies.
