The Ameri Lite line, including the general Gulfstream Ameri Lite models, is also in stock, typically features towable layouts and suitability for weekend trips or moderate-length stays.
- **2022 Heartland Prowler:** The 2022 Heartland Prowler remains part of the used and late-model inventory selection. Its availability during the closeout event provides buyers with access to a unit that balances functional interiors with recognizable construction.
- **2022 Jayco Jay Flight:** The 2022 Jayco Jay Flight is part of the pre-owned inventory and is included as one of the units eligible for clearance. Jay Flight models are commonly sought for their established design consistency.
- **2022 Keystone Hideout:** The 2022 Keystone Hideout is included for budget-focused buyers who prefer an approachable and straightforward layout. Its position in the sale aligns with the

dealership's effort to offer multiple cost tiers within the closeout event.

□ Keystone Springdale: As part of the broader inventory selection, Keystone Springdale models available during the closeout include both compact and mid-sized trailers.

□ Keystone Passport: The Keystone Passport is also included in the closeout, offering buyers an option among lightweight travel trailers frequently selected for ease of towing and interior functionality.

Service, Support, and RV Ownership Resources

As part of the closeout initiative, Bent's RV maintains regular access to its service centers, parts departments, and customer support resources. These services remain available regardless of whether a customer purchases a discounted unit or a standard-priced model.

□ Technical Service and Maintenance: Bent's RV's service facilities employ certified technicians who address routine maintenance, structural repairs, diagnostics, systems checks, and installation of components. Service centers are equipped to support customers before and after purchase.

□ Parts Department: A full inventory of parts and accessories remains available throughout the RV Closeout Event. Customers purchasing discounted inventory may still request factory-approved components, replacement parts, or installation services as needed.

□ Financing Options: Financing remains available during the event, with loan options that vary depending on unit classification, model year, and buyer qualification. Financing terms are based on lender approval and are not guaranteed without review.

□ Trade-In Accessibility: Bent's RV maintains a trade-in program allowing owners to exchange older models for the purchase of discounted inventory. The value of a trade-in is determined through inspection and appraisal.
