

# Epoch Automotive Acquires Updated Software for Honda

*Epoch Automotive in Doylestown strengthens its diagnostic accuracy with updated Honda-compatible software, offering improved system access for modern Hondas.*

DOYLESTOWN, PA, UNITED STATES, April 3, 2026 /EINPresswire.com/ -- [Epoch Automotive](#), an independent repair facility serving Bucks County, has acquired updated diagnostic software designed for Honda vehicles. The system provides enhanced access to manufacturer-specific data, control modules, and guided troubleshooting functions, supporting the shop's commitment to accurate and transparent [auto repair in Doylestown](#).

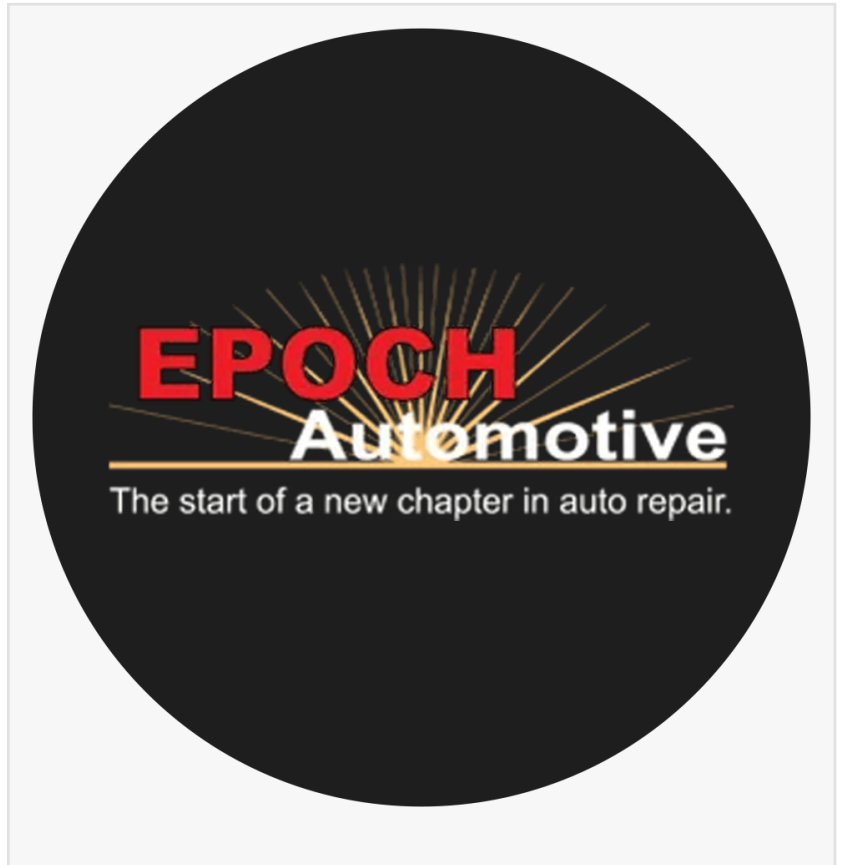

The updated platform allows technicians to interface with Honda powertrain systems, safety sensors, hybrid components, and communication networks. With broader coverage for late-model Honda vehicles, the software improves the shop's ability to identify drivability concerns, electrical irregularities, and intermittent faults that may otherwise require dealer intervention.

Updating our Honda diagnostic tools helps us provide clearer answers and more accurate repairs for our customers."

*Jonathon Tangye, owner of Epoch Automotive*

As automotive technology becomes increasingly software-dependent, maintaining current diagnostic resources is essential for independent facilities. This upgrade reinforces Epoch Automotive's ongoing investment in modern tools that align with manufacturer procedures and support a clear, documented repair process.

The facility, located at [243 Harvey Ave Suite 102, Doylestown, PA 18901, United States](#), services a

wide range of American, Asian, and select European makes. The addition of updated Honda software further expands its technical depth and strengthens its capability to support diverse vehicle platforms.

#### A Word from the Owner

“Updating our Honda diagnostic tools helps us provide clearer answers and more accurate repairs for our customers,” said Jonathon Tangye, owner of Epoch Automotive.

#### About Epoch Automotive
