What is **WARHEAD CIRCUS**

**WARHEAD CIRCUS** is a fighter jet survival roguelike set in space, where players pilot a fighter jet and fly freely, trying to survive as long as they can against the barrage of incoming missiles.

Evade to surviving longer

Perform Barrel Rolls by tilting the fighter and sharply maneuvering the nose — an effective evasive action. It consumes energy so players need to choose their timing wisely. Evade right at

the edge of incoming missiles for an addictive rush. Players need to use evasive maneuvers to extend their survival as long as possible.

Feel the adrenaline of jumping straight into a boss fight

A unique feature is that the so-called "boss" is confronted immediately from the start.

Point the fighter at the boss, and it will automatically fire its machine guns.

By deliberately attacking the boss character, its attacks can be suppressed for a certain period of time allowing for upgrades to be obtained, allowing for enjoyable strategies that strengthen the plane and extend its survival time. Dodge and attack. Enjoy a thrilling, fast-paced experience unfolding in outer space.
