

XRP Healthcare Completes 2025 Roadmap and Confirms Progress Across Payments, Digital Health, and M&A

Year-End Update Highlights Execution by XRP Healthcare LLC and XRP Healthcare M&A Holding Inc.

DUBAI, UNITED ARAB EMIRATES,
December 30, 2025 /

EINPresswire.com/ -- XRP Healthcare LLC and XRP Healthcare M&A Holding Inc. today provided a year-end update confirming completion of the company's 2025 roadmap milestones and outlining continued progress across XRP-based healthcare payments, digital and virtual healthcare platforms, and healthcare mergers and acquisitions.

The update reflects a year focused on execution, governance, and deployment, with both entities advancing according to clearly defined mandates.

Payments Infrastructure — XRP Healthcare LLC

XRP Healthcare LLC is responsible for XRP in healthcare payments, including the [XRPH Wallet](#) (open-source) and the XRPH Token.

2025 Milestones Completed

- Ongoing operation of the XRPH Wallet, an open-source, non-custodial wallet designed for healthcare and pharmacy use
- Enablement of XRP, XRPH, and RLUSD for digital and virtual healthcare payments
- Launch of the “Build Your Own Wallet” program for providers in Africa and the United States
- Implementation of auto-trustlines and destination-tag safeguards to reduce transaction errors

- Delivery of HIPAA-grade payment architecture, with no patient health information stored on XRPH servers
- Distribution of XRPH staking rewards in line with published schedules

These developments position XRP Healthcare LLC as an active infrastructure provider within digital and virtual healthcare payments, using XRP Ledger-based rails focused on speed, cost efficiency, and interoperability.

Brand and Trademark Positioning

During 2025, XRP Healthcare® strengthened its brand protection across key jurisdictions. Registered trademarks covering healthcare software, pharmacy services, and digital or virtual healthcare payments are now in place in:

- United States (USPTO — Classes 009 and 044)
- United Kingdom
- European Union
- United Arab Emirates
- Uganda

This multi-jurisdiction coverage supports brand clarity and responsible innovation within open payment infrastructure.

Digital Health Platforms and Pharmacy Operations — XRP Healthcare M&A Holding Inc.

XRP Healthcare M&A Holding Inc. is responsible for the [XRPH AI App](#), the Prescription Savings Card, and healthcare operations and acquisitions.

Digital Health and AI — 2025 Milestones

- Launch of the XRPH AI App on Google Play and Apple App Store
- Implementation of encryption layers for user data protection
- Achievement of HIPAA-grade design standards, with PHI stored only on user devices
- Deployment of image-based health features
- Launch of doctor search, pharmacy search, and provider connect functionality
- Integration of the Prescription Savings Card into the XRPH AI App

Additional AI-driven features are under development, with further functionality expected in early 2026, subject to development progress and regulatory considerations.

Mergers and Acquisitions (Africa)

During 2025, XRP Healthcare M&A Holding Inc. completed its first phase of healthcare

acquisitions in Africa, including:

- Acquisition of seven pharmacy locations:
- Five retail pharmacies
- Two wholesale pharmacies
- Retention of existing operational teams
- Initiation of facility, service, and equipment upgrades

These acquisitions establish a base of owned healthcare assets supporting integration of digital health and payment technologies.

Public-Market Readiness

XRP Healthcare M&A Holding Inc. also advanced its public-market strategy during 2025, including:

- Submission of required filings to the TSX Venture Exchange in connection with a proposed listing
- Ongoing engagement with the TSXV review process
- Responses provided to all questions received to date

The proposed listing remains subject to TSXV review and approval. No assurance can be given regarding timing or outcome.

Outlook

By year-end 2025, XRP Healthcare completed all material milestones within its control across payments infrastructure, digital health platforms, trademark protection, and initial pharmacy acquisitions.

Entering 2026, the company is positioned to expand adoption of XRP-based healthcare payments, continue enhancement of the XRPH AI platform, integrate acquired pharmacy operations, and progress its public-market strategy in a disciplined manner.
