Carolina Commercial Electric was created to meet growing demand for specialized, high-quality commercial electrical work delivered by dedicated professionals. By spinning off this focused division, Carolina Signs and Wonders is bringing its deep technical knowledge, rigorous safety standards, and proven project execution into a purpose-built electrical organization with highly trained, experienced personnel concentrating solely on commercial electrical systems.

“Our signage projects have always required a strong foundation in commercial electrical work,” said company leadership. “By launching Carolina Commercial Electric as a standalone division, we are investing in dedicated teams, refined processes, and specialized training to better serve customers who need reliable, professional commercial electrical solutions.”

Carolina Commercial Electric provides electrical services that support commercial buildouts, infrastructure upgrades, and complex installations, drawing on the same disciplined approach that has driven the success of Carolina Signs and Wonders. The division is fully licensed to

perform commercial electrical work in both North Carolina and South Carolina, ensuring compliance, safety, and consistency across projects throughout the region.

This strategic expansion reinforces Carolina Signs and Wonders' commitment to delivering end-to-end solutions while allowing each organization to focus on its core strengths—signage excellence and commercial electrical expertise—at the highest level.
