

Non-PVC IV Bags Market Competition Analysis 2025: How Players Are Shaping Growth

The Business Research Company's Non-PVC IV Bags Global Market Report 2025 – Market Size, Trends, And Global Forecast 2025-2034

LONDON, GREATER LONDON, UNITED KINGDOM, January 2, 2026

/EINPresswire.com/ -- The [Non-PVC IV Bags market](#) is dominated by a mix of

global manufacturers and regional suppliers. Companies are focusing on developing safer, environmentally friendly materials and enhancing

product durability to meet stringent healthcare regulations. Innovations in flexible packaging and biocompatible solutions are driving market differentiation. Understanding the competitive landscape is essential for healthcare providers and distributors looking for reliable suppliers and long-term partnerships.

It will grow from \$1.79 billion in 2024 to \$1.95 billion in 2025 at a compound annual growth rate (CAGR) of 9.2%”

The Business Research Company

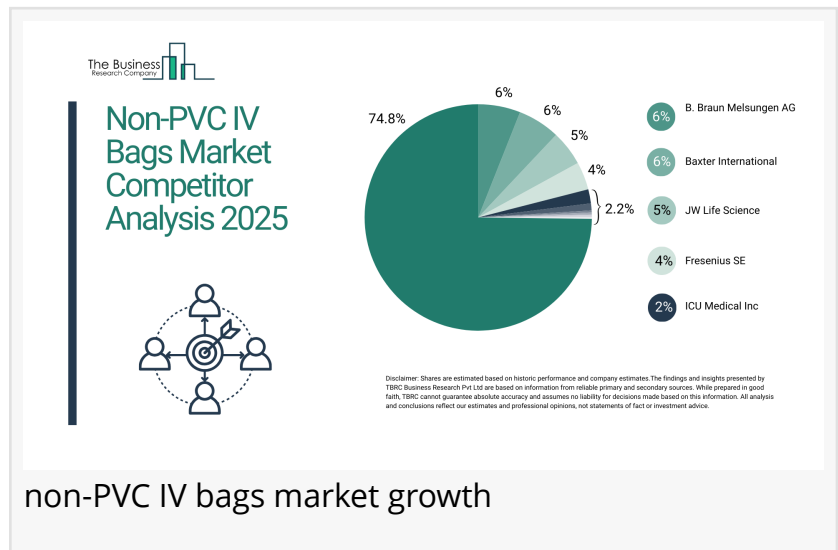

Which Market Player Is Leading the Non-PVC IV Bags Market?

According to our research, B. Braun Melsungen AG led global sales in 2024 with a 6% market share. The B. Braun Hospital Care division of the company partially involved in the [non-PVC IV bags market growth](#), provides infusion equipment and supplies, infusion and injection solutions, intravenous catheters, products for clinical nutrition and pumps and their associated systems for inpatient and

outpatient care.

How Concentrated Is the Non-PVC IV Bags Market?

The market is fragmented, with the top 10 players accounting for 25% of total market revenue in 2024. This level of fragmentation highlights relatively high entry barriers arising from stringent medical regulations, rising compliance costs, and the complexity of material innovation required to ensure biocompatibility and sterility. Leading players such as B. Braun Melsungen AG, Baxter

International, JW Life Science, Fresenius SE, and ICU Medical maintain dominance through integrated production capabilities, established hospital networks, and strong product safety reputations. As the market evolves, strategic partnerships and consolidation may emerge to enhance scale and operational efficiencies among leading firms.

- Leading companies include:
 - o B. Braun Melsungen AG (6%)
 - o Baxter International (6%)
 - o JW Life Science (5%)
 - o Fresenius SE (4%)
 - o ICU Medical Inc (2%)
 - o Renolit Group (1%)
 - o Polycine GmbH (0.3%)
 - o Kraton Corporation (0.3%)
 - o Angioplast Pvt. Ltd (0.3%)
 - o Technoflex SA (0.3%)
