

# Probate Advisor Alejandro R. Hernandez Repositions New York Practice Around Probate and Real Estate Economics

*Probate Advisor Alejandro R. Hernandez Repositions ARH Global Advisors' New York Practice Around Probate, Real Estate Economics, and Family Wealth Strategy*

MANHATTAN, NY, UNITED STATES, January 1, 2026 /EINPresswire.com/ -- Alejandro R. Hernandez, Doctor of Jurisprudence, Certified [Probate](#) and Trust Specialist, and Lawyer, announced the strategic repositioning of ARH Global Advisors LLC's New York advisory practice, focusing on probate and trust capital strategy, [real estate](#) economics, and family wealth advisory serving Manhattan and the greater New York metropolitan area.

With more than 25 years of experience advising on probate, trust, and complex asset matters, Hernandez works with families, fiduciaries, trustees, and closely held businesses navigating estate administration, inherited real estate, and multi-jurisdictional asset structures common to New York estates. His advisory approach addresses the growing need for coordinated guidance that integrates legal knowledge, asset strategy, and economic decision-making.

"New York estates often involve heightened complexity—multiple heirs, layered fiduciary oversight, and significant real estate considerations," said Hernandez. "ARH Global Advisors provides trustees and families with an integrated advisory perspective that aligns probate realities with sound real estate and capital strategy."

Probate and Capital Advisory for New York Estates

ARH Global Advisors' New York practice focuses on advisory services at the intersection of:

Alejandro R Hernandez

Probate and Trust Advisory  
Real Estate Economics and Transaction Strategy  
Business and Family Capital Planning

Rather than operating as a traditional brokerage or single-discipline professional practice, the firm advises how and when estate-held assets should be preserved, repositioned, or monetized, particularly in probate and trust matters involving New York real estate, operating businesses, and cross-border or multi-state holdings.

This advisory model is particularly relevant in New York, where estates frequently face:

Complex probate and trust structures  
High-value residential and commercial real estate  
Institutional fiduciaries and court oversight  
Time-sensitive liquidity and valuation decisions  
Expanding Advisory Presence in Manhattan

In 2026, ARH Global Advisors is strengthening its advisory footprint in Manhattan, working closely with:

Trustees and executors  
Trust and estate professionals  
Banks and private fiduciaries  
Families managing inherited, distressed, or transitional assets

The firm collaborates with real estate professionals, financial advisors, and professional service firms seeking specialized probate and trust-focused advisory support within the New York market.
