A Multi-Tiered Approach to Wellness and Safety

Designed to provide a "maintenance-free" lifestyle, The Gallery features a robust infrastructure for resident health and safety. The facility includes a smart fitness center, a full-service salon, and a 24-hour clinical staff supported by a comprehensive medical alert system.

Beyond standard care, the community hosts third-party providers to offer on-site physical, occupational, and grief therapies. This model allows residents to age in place while accessing professional medical support without leaving the
