More than half of the advertisements or information about mesothelioma compensation or claims for financial compensation on the internet are sponsored by law firms that are brokers that sell the case to another law firm to do the compensation work.

Suggestions from the Mesothelioma Compensation Center for people with mesothelioma nationwide on how to increase potential financial compensation:

\*“Do you recall the specifics of how you were exposed to asbestos at work, in the military or both-and when this exposure occurred? This is incredibly important information.

\* “Do you recall the names of coworkers who might have witnessed your exposure to asbestos?

An eyewitness to your asbestos exposure might increase your compensation.

\*\*Did you have more than one job where you might have been exposed to asbestos on the job?

\*\*Do your medical records include a biopsy that confirms the mesothelioma or asbestos exposure lung cancer?

\* "Has your loved one's doctor told you that mesothelioma is a distinct possibility-but because they are so sick-weak-a biopsy to confirm the mesothelioma is not possible? If this is your loved one, please call us at 866-714-6466." <https://MesotheliomaCompensationCenter.Com>
