About The Book:

Launching soon, [Creative Souls](#) Poetry is an inspiring anthology that brings together the words and art of the Creative Souls Collective, a group of poets and artists who share a passion for creativity, healing, and community.

Born out of open-mic nights at The Bedford in Balham, South London, this forthcoming collection celebrates the voices of both emerging and established poets. Themes of resilience, love, belonging, and empowerment run throughout, creating a body of work that is both deeply moving and profoundly unifying.

The anthology also carries a wider purpose: a portion of the proceeds will support the Kakuma Art Project in Kenya, which provides vital art workshops and materials for young refugees. Through poetry and art, Creative Souls Poetry will not only touch readers but also contribute to nurturing creativity and hope where it is needed most.

Key Highlights:

- Launching as a collaboration of the Creative Souls Collective, founded by Jackie Lowe.
- Themes include healing, empowerment, resilience, belonging, and community.
