

# Ms. Gunjan Sharma selected for The Empowered Woman Award by IAOTP

*The International Association of Top Professionals (IAOTP) will honor Gunjan Sharma at their annual awards gala in NYC at the Plaza Hotel*

NEW YORK, NY, UNITED STATES, January 5, 2026 /EINPresswire.com/ -- Ms. Gunjan Sharma, senior software engineer at Sony Interactive Entertainment LLC, was recently selected for The Empowered Woman Award for 2025 by the International Association of [Top Professionals](#) (IAOTP) for her outstanding leadership, dedication, and commitment to the industry.

Inclusion with the International Association of Top Professionals is an honor in itself; only a few members in each discipline are chosen for this distinction. These special honorees are distinguished based on their professional accomplishments, academic achievements, leadership abilities, longevity in the field, other affiliations, and contributions to their communities. All Honorees are invited to attend the IAOTP annual [award gala](#) at the end of this year for a night to honor their achievements.

With close to two decades in the industry, Ms. Sharma has certainly proven herself an expert in multiple fields. As a dynamic, results driven leader, Ms. Sharma is a senior software engineer at Sony Interactive Entertainment LLC, where she leads the testing and performance validation of streaming games for PlayStation. The majority of her experience is in high tech computer-based industry developing and testing software. Her principal strengths include Quality Assurance in Windows and Linux environments, object-oriented programming, and software engineering.

Prior technology-based roles include Senior Quality Assurance Engineer at Networks in Motion

and Symantec Corp. She was also a Senior Software Engineer at National Institute of Information Technology.

Areas of expertise include, but are not limited to software engineering, databases, web applications, quality assurance, and software development.

Before embarking on her professional career path, Ms. Sharma earned her B.Tech in Electrical Engineering from Indian Institute of Technology, Kanpur followed by her M.S. in Computer Science from California State University, Long Beach. She has also earned several certifications, including architecting in AWS, computer hardware and operating systems, networking basics, Kubernetes and neural networks and deep learning.

Throughout her illustrious career, Ms. Sharma has received many awards and accolades and has been recognized worldwide for her accomplishments. She is a listed honoree with Marquis Who's Who for her expertise in Software Engineering and Technology. Last year she was selected for Top Senior Software Engineer of the Year by IAOTP. This year she is being considered for a feature in TIP (Top Industry Professionals) Magazine. She will be honored at IAOTP's annual awards gala at the iconic Plaza Hotel in New York for her selection of The Empowered Woman Award for 2026.

The President of the International Association of Top Professionals (IAOTP), Stephanie Cirami, stated: "Choosing Ms. Sharma for this honor was an easy decision for our panel to make. She is inspirational, influential, and a true visionary and thought leader. We cannot wait to see her and celebrate her accomplishments at this year's gala."

Looking back, Ms. Sharma attributes her success to resilience, a strong work ethic, and untiring support from her family. When not working, she enjoys singing, listening to music, working out, cooking and experimenting with both Indian and Western recipes. In the future she hopes to inspire young entrepreneurs in the technology sector.
