

# Experience Washdown-Ready Electrical from MELTRIC® Corporation at IPPE 2026

*MELTRIC to exhibit at IPPE 2026, booth BC36100, at the Georgia World Congress Center in Atlanta, Georgia, from January 27-29, 2025.*

FRANKLIN, WI, UNITED STATES, January 27, 2026 /EINPresswire.com/ --

[MELTRIC](#)® Corporation, an industry leader in electrical safety solutions, announces its participation at the International Production and Processing Expo (IPPE) 2025, showcasing its innovative Switch-Rated plug and receptacle technology. Food processing professionals can experience MELTRIC's latest safety innovations at booth BC36100, at the Georgia World Congress Center in Atlanta, Georgia, from January 27-29, 2025.

MELTRIC Food & Bev Applications

At the show, MELTRIC will demonstrate why Switch-Rated plug and receptacle solutions set the benchmark for safe electrical connectivity for food processing environments where uptime, sanitation, and worker safety are non-negotiables. Designed specifically for the demanding conditions found in meat, poultry, egg, and animal food processing facilities, MELTRIC devices enable operators to connect and disconnect equipment safely under load while reducing arc-flash risk, maintenance downtime, and operational complexity.

At booth BC36100, attendees will have the opportunity to explore MELTRIC's Switch-Rated technology firsthand, discuss application-specific challenges with MELTRIC experts, and discover practical strategies for improving electrical safety, reliability, and maintenance efficiency in food processing facilities.

To continue the conversation beyond IPPE 2025, visitors are encouraged to explore MELTRIC's

Trade Shows & Events page at <https://pages.meltric.com/trade-shows>. There, you can view upcoming industry events, request a live demonstration with a MELTRIC specialist, or sign up for a free trial product to experience the safety, performance, and reliability of Switch-Rated technology firsthand.
