

Record Breakers Co. Announces Historic World-Record Breaking Event at Revel Surf Park

Colby Raha, Alan Ampudia and Elite Action Sports Athletes to Attempt World Records and Major Performance from All-American Rejects in Mesa

MESA, AZ, UNITED STATES, January 7, 2026 /EINPresswire.com/ -- [Record Breakers Co.](#), the premier producer of high-impact action sports events, today announced Record Breakers at [Revel Surf Park](#), a one-day-only, never-to-be-duplicated world-record breaking spectacle taking place Jan. 31 at Revel Surf Park in Mesa. The historic afternoon will culminate with a special live performance by The All-American Rejects, turning the surf park into an electrifying concert venue once the final record is shattered.

Blending multiple certified world-record attempts with high-energy live music, this unprecedented live-audience event will push the boundaries of extreme sports on a scale never before attempted. Massive custom-built ramps, engineered specifically for Revel's iconic surf lagoon, will serve as the stage for history in the making.

Headlining the event is [Colby Raha](#), X Games multi-medalist and current holder of multiple motorcycle distance and high-air records, who will attempt two groundbreaking e-bike world records — the longest distance jump and the highest quarter pipe air ever achieved. Raha will be joined by Alan Ampudia, reigning SCORE Trophy Truck Champion, who will attempt the longest Trophy Truck distance jump, along with elite BMX and mountain bike athletes Dennis Enarson and Andrew Topa, each unveiling world-first tricks never before landed.

"This jump is about making history the right way," said Raha. "Pre-recorded stunts don't compare to the energy of a live crowd. If you're going to break a world record, it should happen in front of fans so everyone can share that moment together. This is the highest level of action sports in the world — world-class athletes, music, and energy all in one place. There's no turning

back once you commit."

Drawing inspiration from the legacy of daredevil icons like Evel Knievel, Record Breakers at Revel Surf Park is designed as a true intergenerational experience — from longtime motorsports fans to the next generation discovering action sports for the first time.

Event Highlights Include:

-Colby Raha, X Games multi-medalist and current holder of

multiple motorcycle distance/high-air records, attempts the world's First Moto Mega Ramp with a groundbreaking world record: He is going up to 300ft over the Revel Surf Park pool then landing and headed into a 28ft QP going heights of 100 vertical feet for the highest quarter pipe air world record.

-Alan Ampudia, reigning SCORE Trophy Truck champion, attempts the longest Trophy Truck distance jump.

Massive custom ramps with extended dirt landings — bigger and bolder than anything seen before — engineered for maximum spectacle over Revel's iconic surf lagoon.

-Headline live performance by The All-American Rejects, fusing rock anthems with adrenaline-fueled action.

-Andrew Topa World Record Attempt of the world's highest BMX flare off of a 18ft quarter pipe.

-Dennis Enarson World's First NBD Dirt Mini Mega course that you will not want to miss.

The event will unfold throughout the afternoon and evening, building toward a dramatic finale as record attempts culminate in front of a packed crowd. Gates will open early, with warm-ups, supporting stunts and festival-style experiences leading into the main show.

"Bringing Record Breakers to Revel Surf is about creating moments people will talk about for decades," said Cole Cannon, co-founder of Revel Surf. "We're proud to be building a destination where elite athletes can take on historic challenges and where fans can witness the next evolution of action sports, live and in person."

Tickets are available now for purchase, including general admission, VIP access, meet-and-greet opportunities, and premium cabana viewing. Capacity is limited, and organizers emphasize that this event will never be repeated.

"Streaming lets you watch history," said Eric Sorensen, founder of Record Breakers Co. "But being

there hearing the engines, feeling the energy of the crowd, and witnessing the moment records are shattered, that's the real deal."
