“The Wylie community has demonstrated strong demand for secure, flexible RV and boat storage options. This improved facility allows us to deliver that through a mix of enclosed and uncovered units that go beyond the traditional open canopy spaces we offer at our existing properties.”

The upgraded Osage Lane location will continue to be managed by Carefree’s established St. Paul facility, just one mile south at 3830 Parker Road. That location, with 498 fully occupied spaces, provides customers with access to an expanded range of amenities, including an RV wash and dump station, complimentary ice, and wholesale propane. These features are now available to customers of both sites.
