

# Brigitte's FLK Launches SQE E-Books for July 2026 Exams

---

e-Books with integrated notes and video explainers now available for aspiring solicitors

London, United Kingdom – Brigitte's FLK, a leading online legal education platform, today announced the launch of its SQE e-book series, available for immediate download ahead of the July 2026 assessment windows. The new digital books provide in-depth legal analysis to complement the platform's existing study materials, creating a seamless digital study solution for aspiring solicitors.

The e-book series offers students seven months of structured preparation time before the July 2026 SQE1 examinations (covering FLK1 and FLK2), providing an early-start advantage over traditional last-minute cramming approaches.

## Learning and Revision Resources

Each e-book purchase includes comprehensive access to Brigitte's FLK's full study platform, featuring:

In-depth digital books for thorough subject mastery

The platform's hugely popular condensed notes for quick revision

Video explainers breaking down complex legal concepts

"We've listened to our students who wanted deeper learning materials to complement our notes," said Brigitte, writer and tutor of Brigitte's FLK. "These e-books provide the comprehensive analysis needed for initial learning, while our notes remain perfect for revision. Combined with video content and extensive practice questions, students now have multiple learning formats to support their preparation.

## Instant Access, Integrated Learning

The e-books are available in PDF format for immediate download, allowing students to begin their July 2026 preparation without delay. The digital format offers searchability, portability across devices, and seamless integration with the platform's existing study resources.

"The feedback has been overwhelming," continued Brigitte. "Students appreciate having multiple formats for different study phases – e-books for deep learning, notes for revision, videos for visual explanation, and questions for practice. It's what students have been asking for."
