

# Metro Auto Body Elevates Collision Repair Standards with Extensive OEM Certifications

*Metro Auto Body, serving Corona, Queens, and the greater NYC area, is proud to announce its leading suite of Original Equipment Manufacturer certifications*

NEW YORK CITY, NY, UNITED STATES, January 7, 2026 /EINPresswire.com/ -- Metro Auto Body, a premier collision repair facility serving Corona, Queens, and the greater New York City area, is proud to announce its leading suite of Original Equipment Manufacturer (OEM) certifications, reaffirming its commitment to delivering the highest standards of safety, precision, and quality in auto body repair.

In today's automotive landscape, vehicle repair is more complex than ever. Recognizing this, Metro Auto Body has invested in rigorous training, advanced factory-approved equipment, and official certification programs to restore every vehicle to its original, pre-accident condition—not just cosmetically, but structurally and functionally according to manufacturer-approved standards.

## Certified for the Brands You Drive

Metro Auto Body holds an extensive portfolio of OEM certifications from major manufacturers, including:

- Nissan Certified Collision Repair Network
- Infiniti Certified Collision Repair Network
- Hyundai Recognized Collision Repair Center
- Lexus Authorized Collision Center
- Ford Certified Collision Network
- General Motors (GM) Collision Repair Network

- Volvo Certified Collision Repair Network
- Mercedes-Benz Certified Collision Repair Center
- Honda & Acura Certified Collision Repair Facility
- Mazda Collision Network
- VW Certified Collision Repair Facility
- Audi Certified Collision Repair Facility
- Subaru Certified Collision Center
- Alfa Romeo Certified Collision Repair Facility
- Chrysler, Dodge, Jeep, RAM & Fiat Certified Collision Repair Program

These certifications verify that Metro Auto Body uses genuine OEM parts, manufacturer-specified repair procedures, and factory-approved tools and equipment to ensure safe, accurate repairs every time.

### Safety First: OEM-Certified ADAS Repairs

□Modern vehicles are equipped with advanced safety systems—like lane departure warning, blind-spot monitoring, adaptive cruise control, and automatic emergency braking—that require precise calibration after a collision. Metro Auto Body performs factory-required pre-repair scans, manufacturer-approved ADAS calibrations, and post-repair functional testing to make sure these critical systems work exactly as intended.

### Protecting Value and Warranty

Beyond safety, OEM-certified repairs help preserve a vehicle's structural integrity, manufacturer warranty, and resale value. Metro Auto Body strictly adheres to manufacturer specifications for bonding, welding, corrosion protection, and paint refinishing—ensuring performance and appearance that meets or exceeds factory expectations.

### State-of-the-Art Tools and Technicians

To maintain its certified status, Metro Auto Body invests in advanced technology such as OEM-approved welders, computerized frame measurement systems, aluminum repair isolation stations, factory-calibrated diagnostic scanners, and precision color-matching equipment. Its technicians undergo annual OEM collision repair courses, structural repair training, ADAS calibration training, aluminum welding certification, and hybrid/E-vehicle safety training, ensuring up-to-date expertise on the most demanding models.

### Customer-First Collision Experience

Metro Auto Body combines technical excellence with a premium customer experience, including:

- Insurance claim assistance
- Rental car coordination
- Transparent digital repair status updates
- Lifetime workmanship warranty (ask for details)
- Clean, modern, family-friendly facility

## About Metro Auto Body

Located at 9614 Northern Blvd., Corona, NY 11368, Metro Auto Body has built a reputation for precision, trust, and customer care in collision repair. As a family-trusted provider with deep OEM certifications, Metro Auto Body continues to set the standard for safe, certified, and comprehensive vehicle restoration in New York City.
