

Maryland Vision Institute and Busack Eye Center Begin Seeing Patients at New Shared Frederick Location in January 2026

FREDERICK, MD, UNITED STATES, January 8, 2026 /EINPresswire.com/ -- Maryland Vision Institute (MVI) and Busack Eye Center, both part of Vision Innovation Partners ([VIP](#))—a leading manager of ophthalmology practices in the Mid-Atlantic region—are pleased to announce the opening of their new shared, state-of-the-art facility in Frederick, Maryland. As part of this transition, Busack Eye Center will officially merge to become part of Maryland Vision Institute, uniting two respected practices under one name and location.

Busack Eye Center will begin seeing patients at the new location on January 19, 2026, followed by Maryland Vision Institute beginning patient care on January 26, 2026. In addition, the Maryland Vision Surgical Center is scheduled to open later in April 2026, further expanding access to advanced surgical eye care in one convenient location. A ribbon-cutting ceremony will be announced in conjunction with the surgical center's grand opening.

The new facility is located at:
Maryland Vision Institute
112 Thomas Johnson Drive
Frederick, MD 21702
301-791-0888

Through this merger and shared location, patients will benefit from expanded services, advanced technology, and a collaborative team of providers and specialists—while continuing to see the doctors and staff they know and trust. Medical records will transfer automatically, ensuring a seamless transition of care.

"This merger and shared location allow us to combine clinical expertise, resources, and technology to better serve patients and the community," said representatives from Maryland Vision Institute. "Being part of Vision Innovation Partners enables us to continue delivering exceptional, personalized eye care while expanding access to comprehensive and surgical services."

Patients with existing appointments will receive additional communication ahead of their visits, and no action is required to transfer care.

For more information or to schedule an appointment, patients may call 301-791-0888 or visit www.marylandvisioninstitute.com.
