ARLINGTON, TX, UNITED STATES, January 9, 2026 /EINPresswire.com/ -- [Senior Helpers](#), the nation's premier provider of [in-home senior care](#) services, is proud to announce the opening of its newest location in Arlington.

The location, owned and operated by Brandi and Johnathan Stephens, officially began serving the community on December 26, 2025. The Stephens bring a strong blend of leadership and healthcare expertise to Senior Helpers. Johnathan is a Service-Disabled U.S. Air Force veteran who served three tours during Operation Iraqi Freedom, where he developed a deep commitment to leadership, integrity, and service before self. Brandi contributes nearly 20 years of experience in healthcare talent acquisition and senior support, with a focus on building and retaining high-quality caregiving teams. Through Senior Helpers of Greater Arlington, they will provide a wide range of services to help people age comfortably and safely in their homes—from assistance with daily activities to specialized care for chronic conditions.

"We chose Senior Helpers because their commitment to dignity, compassion, and relationship-centered care aligns perfectly with our values. This work is personal for us, and we wanted to build something that truly supports families during one of the most important seasons of life." – Johnathan Stephens

their clients. Senior Helpers is also nationally recognized as a top workplace for caregivers.

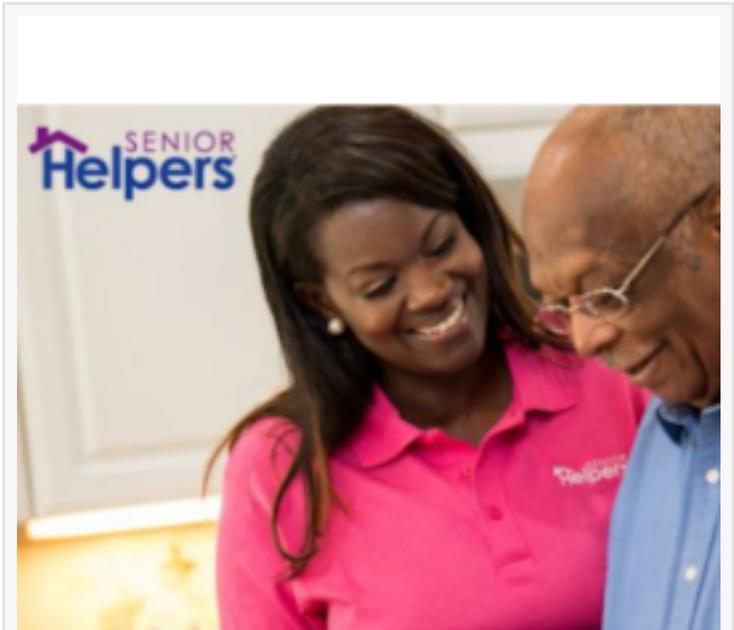

Proud Texans, parents, and active members of the community, Johnathan and Brandi were inspired to open Senior Helpers through their experience as long-distance caregivers for Johnathan's late mother and grandmother, both of whom lived with dementia. For the Stephens, Senior Helpers is more than a business, it is a calling rooted in family values, community service, and advocacy for seniors and caregivers.

"Our vision is to serve the community with excellence, integrity, and heart. Seniors deserve to age with dignity, and families deserve peace of mind. We're honored to walk alongside families, providing care that feels supportive, respectful, and trustworthy every step of the way." – Brandi Stephens

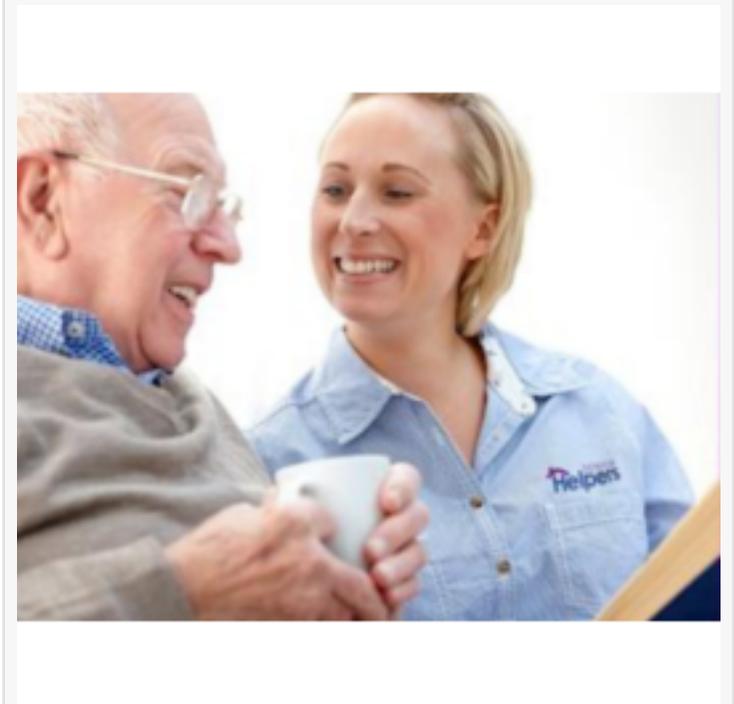

Senior Helpers of Greater Arlington offers the exclusive [LIFE Profile](#) program—a data-driven assessment tool designed to reduce hospitalizations and support aging in place. Caregivers also receive training through the Senior Gems® program for Alzheimer's and dementia care, developed in collaboration with dementia care expert Teepa Snow. Additional specialized programs are available for Parkinson's care, transitional care, surgery assistance, and veteran care.

"Their passion for family-centered senior support makes them the perfect candidate for us. We're excited to see their business thrive and more Arlington residents benefit from the compassionate care Senior Helpers provides."
