Founded by Denise Bitler, a career services professional with more than 10 years of experience and the founder of Resume-Interview Success, LLC, Pinnacle Executive Career Partners reflects the firm's continued evolution toward

high-impact executive and board-level advisory work. The brand serves senior executives and board members who are seeking to advance within their current trajectory, broaden future opportunities, or intentionally position themselves for a meaningful Second Act, whether that includes expanded leadership scope, portfolio careers, advisory roles, or board service.

"Senior leaders and board members aren't looking for transactional job search support," said Bitler. "They want clarity, strategy, and confidence in how they position themselves, not just for the next role, but for what comes after it. Pinnacle Executive Career Partners was built to support executive careers with intention."

The TRANSCEND Framework is a comprehensive executive job search and leadership positioning program that guides clients through brand clarity, strategic messaging, executive visibility, interview and stakeholder readiness, and offer evaluation. Unlike traditional job search

programs, TRANSCEND also offers ongoing post-hire and post-transition support, helping executives and board members successfully step into new roles, establish early credibility, and remain positioned for future opportunities as their careers continue to evolve.

Pinnacle Executive Career Partners operates as a trade name of Resume-Interview Success, LLC and represents a strategic expansion of the firm's long-standing work with senior leaders who value thoughtful positioning, long-term career optionality, and sustained professional relevance.
