

IAP World Services Awarded Non-Destructive Test Equipment (NDTE) System Support Contract

MELBOURNE, FL, UNITED STATES,
January 9, 2026 /EINPresswire.com/ --
RS3-24-0038 Non-Destructive Test
Equipment (NDTE) System Support

"IAP World Services, an Intrepid Global Solutions company was awarded a contract to establish and maintain field operating teams who will operate and maintain the Non-Destructive Test

Equipment (NDTE) system at multiple CONUS and OCONUS locations."

On behalf of the U.S. Army Tank and Automotive Command (TACOM), Clothing & Heraldry Product Support Integration Directorate (C&H PSID), the Army Contracting Command-Aberdeen Proving Ground (ACC-APG) has awarded a 5-year task order to IAP World Services to provide system support for the Non-Destructive Test Equipment (NDTE) program, IAP will establish and sustain field operating teams to operate and maintain the NDTE System—a portable, deployable and self-contained system for detecting physical and structural defects in Soldier and Airmen body armor plates at both CONUS and OCONUS locations. . The system uses X-ray technology to inspect multiple types of ballistic plates and detect flaws that are not visible through standard visual inspection. The program is managed out of IAP World Services Aberdeen Proving Ground MD, program office.

"This fast paced, fluid and geographically dispersed program supports the Army's Tank and Armament Command (TACOM), Non-Destructive Test Equipment (NDTE) critical mission of protecting soldier lives by conducting vital inspections of soldier body armor at more than 40 locations across the globe. Leveraging our industry-leading experience in global logistics and supply chain, Intrepid delivers proven capabilities that support the Warfighter and advance the NDTE mission".

Bill Edmunds

General Manager – Defense, Intelligence, & National Security
