

Inspired by Adventure, Built for Work: Roxy At Work Introduces Two New Safety-Driven Styles

Roxy At Work launches two new women's safety styles inspired by adventure and built for comfort, confidence, and protection on the job.

ST. LOUIS, MO, UNITED STATES, January 8, 2026

/EINPresswire.com/ -- Warson Brands, official licensee of Roxy, brings an adventurous, confident spirit to the Roxy At Work lineup with the launch of two new women's safety footwear styles: the Work It Safety and Jeyna Work.

To bring this launch to life, Roxy At Work partnered with [Breckenridge Distillery](#) to capture authentic imagery that reflects where work meets lifestyle. Set against a backdrop rooted in mountain culture, the imagery highlights Roxy's deep connection to winter, boardsports, and outdoor adventure. This spirit is translated for women who carry that same energy into their workday. From snow-covered mornings to hands-on shifts, Roxy At Work footwear is designed to perform on the job and beyond.

The Work It Safety (RX90502) reimagines a workwear-inspired staple with a modern safety upgrade. Made from premium suede leathers, this lace-up sand work boot features a classic moc toe and cushioned memory foam footbed for all-day comfort.

The Jeyna Work (RX90601) brings warmth, flexibility, and protection into a sleek black work bootie silhouette. Featuring an elastic knit collar for easy on-and-off comfort, Jeyna is made to keep women feeling secure, supported, and ready for whatever the day brings.

Both styles meet key safety requirements, delivering dependable performance and protection.
