BLOOMFIELD HILLS, MI, UNITED STATES, January 9, 2026

/EINPresswire.com/ -- Heron Bay Capital Management ("HBCM") announced today it has been named to the prestigious PSN Top Guns List of best-performing separate account strategies as of third quarter 2025. The highly anticipated list, published by Zephyr, is a widely used reference that helps investors and asset managers compare performance across peer groups.

HBCM's Large Cap Select strategy, which is a concentrated domestic equity strategy, earned Top Guns honors for both "1 Year" and "3 Year" results relative to the Large Cap, Large Cap Value, and US Value universe. These awards indicate the strategy delivered one of the top ten returns over the respective one-year and three-year periods among managers with comparable strategies.

"The value driver for many organizations has transitioned from tangible assets to intangible assets over time. Warren Buffett has talked at length about this subject and how meaningless book value is for most businesses. Our Large Cap Select strategy actively builds a concentrated portfolio of businesses that choose to invest in research and development to build intangible assets. Within this concentrated strategy, we seek to embrace these quality businesses for their margins, low incremental costs and competitive moats to drive value creation" said Paul Seizert, Chief Operating Officer of HBCM.

This latest honor follows consecutive quarters of PSN recognition for Heron Bay strategies,

underscoring the firm's commitment to consistent portfolio construction and disciplined execution across varying market environments.
