Far Out Solutions Announces Strategic Collaboration with the Managed Service Providers Association of America® (MSPAA®)

Partnership expands visibility, education, and growth opportunities for MSPs while showcasing Far Out Solutions' award-winning IT and cybersecurity services.

WINTER PARK, FL, UNITED STATES, January 12, 2026 /EINPresswire.com/ -- Far Out Solutions, an award-winning managed service provider, today announced a strategic collaboration with the Managed Service Providers Association of America® (MSPAA®) to help accelerate innovation, [professional development](), and business growth across the MSP ecosystem. Through this partnership, Far Out Solutions will participate in

FarOutSolutions
Technology Products & Services

At Far Out Solutions, we make technology help drive business growth. From award-winning IT support and workflow automation to security and connectivity, we build and manage IT solutions that support today's operations and future needs.

MSPAA programs and industry spotlights aimed at elevating MSP best practices and helping organizations modernize securely.

"

Today, organizations need more than traditional IT, they need a dependable partner who will secure, standardize, and scale their environments"

Zaid AlChalabi - Chief Operation Officer

"The MSPAA exists to lift the entire managed services community—sharing what works, surfacing customer needs, and recognizing the teams doing exceptional work," said Dave Jooste, President of the MSP Association of America®. "Far Out Solutions' track record and service breadth make them a strong contributor to that mission."

Far Out Solutions: Services & Expertise
Far Out Solutions delivers a full stack of managed [IT and security services]() designed to increase resilience, reduce risk, and streamline operations for organizations ranging from SMBs to multi-site enterprises. Core offerings include:

- Managed IT Services (proactive monitoring, help desk, endpoint/server management)
- Cybersecurity (threat prevention, detection & response, compliance support)
- Cloud & Microsoft 365 (migrations, identity, collaboration, optimization)
- VoIP & Unified Communications
- Digital Transformation & IT Consulting
- Enterprise IT Services
- Managed Print & Access Control Systems
- Software & Hardware Solutions (procurement, lifecycle, and optimization

Far Out Solutions also supports specialized verticals—including property management, healthcare, recruitment, and small & mid-sized businesses—with tailored roadmaps and controls that align to operational and regulatory needs.
Recognized by industry benchmarks, Far Out Solutions has earned placement on Channel Futures' MSP 501 and NextGen lists, underscoring innovation, growth, and customer outcomes.

 Now called MSP's, these IT service providers have helped pave the way for companies to focus on their core operations while leaving the critical technology features to outsourced professionals

According to Mordor Research, the managed services market will grow to $274 billion by 2026, up from $152 billion in 2020,

"Today, organizations need more than traditional IT, they need a dependable partner who will secure, standardize, and scale their environments," said Zaid AlChalabi, Chief Operating Officer at Far Out Solutions. "Working with MSPAA allows us to share field-tested playbooks and help more MSPs and IT leaders deliver measurable business value."
