By focusing on these core service areas, 360Fence & Deck Co is able to deliver localized service while maintaining the operational efficiency of a centralized headquarters.

### Comprehensive Fence Installation Services

Fence installation remains one of the company's most in-demand services. 360Fence & Deck Co provides residential and commercial fencing solutions designed to meet a wide range of functional and aesthetic requirements. Options include wood privacy fencing, vinyl fencing, chain-link fencing, and custom fence configurations tailored to property layout and usage.

Each fence project begins with a detailed consultation to assess property boundaries, local regulations, and client goals. From material selection to final installation, the company emphasizes durability, proper alignment, and long-term performance. Repairs and replacements are also available for aging or storm-damaged fencing systems.

### Custom Deck Design and Construction

In addition to fencing, 360Fence & Deck Co specializes in custom deck construction for homeowners seeking to expand usable outdoor living space. Deck projects are designed to complement the property's architecture while providing a functional and inviting environment for entertainment and relaxation.

The company installs wood, composite, and PVC decking systems, offering guidance on material selection based on budget, maintenance preferences, and expected usage. From ground-level platforms to elevated decks with integrated features, every project is built to meet structural

standards and client expectations.

## Commitment to Quality and Customer Satisfaction

At the core of 360Fence & Deck Co's success is a strong commitment to customer satisfaction. The company prioritizes clear communication, accurate project timelines, and transparent pricing throughout every phase of the build. Clients are kept informed from initial consultation through final walkthrough, ensuring expectations are met or exceeded.

"Our focus is on building fencing and decking that delivers lasting value and strong performance," said Kyle Kluender, Founder of 360Fence & Deck Co.

This customer-first approach has helped the company establish lasting relationships with homeowners, property managers, and business owners across the Houston metro area.

## Built for Texas Conditions

Outdoor structures in Southeast Texas must withstand heat, humidity, heavy rainfall, and seasonal storms. 360Fence & Deck Co incorporates these environmental factors into every design and installation decision. Materials are selected for durability, and construction methods are chosen to support long-term structural integrity under local conditions.

By combining practical experience with attention to detail, the company delivers fencing and decking solutions that perform reliably year after year.
