SUMMERLIN LAS VEGAS, NV, UNITED STATES, January 16, 2026

[/EINPresswire.com/](https://www.einpresswire.com/) -- Open Sesame Garage Door Repair, Southern

Nevada's premier local garage door specialist, is proud to announce the official launch of its "Elite South" Service Fleet. This strategic expansion places a dedicated fleet of fully-stocked

service trucks permanently within Summerlin South, ensuring that residents in the valley's most exclusive enclaves receive guaranteed 15-to-20 minute response times for all garage door needs.

“

The custom homes in The Ridges require a higher standard of care. Our Elite South fleet brings specialized expertise right to your guard gate.”

Ronen Lubaton

Your new neighbor has arrived. Truck 3 is now permanently stationed near Town Center Dr. to serve the gated communities of The Ridges and The Cliffs.

As the Summerlin South landscape evolves with the addition of world-class luxury developments like Ascension, The Cliffs, and Trilogy, the demand for specialized, high-end technical expertise has never been higher. Open Sesame has answered this call by stationing its Truck 3 unit near the Town Center Drive corridor, specifically equipped to handle the complex mechanical requirements of the region's most sophisticated homes.

"We recognized a significant service gap in the South Summerlin market," said a spokesperson for Open Sesame Garage Door Repair. "Homeowners in gated communities like The Ridges and The Mesa often have custom-engineered, heavy-material doors that require more than just a general handyman. Our Elite South fleet is staffed by master technicians who specialize in high-

weight capacity springs, custom wood door restoration, and high-security smart opener integration."

A Localized Approach to Summerlin South Communities Unlike national franchises that dispatch from central hubs near the I-15, Open Sesame's geofenced strategy ensures that technicians are already "on-site" in the neighborhood. This expansion provides dedicated coverage to the following Summerlin South villages:

The Ridges & The Cliffs: Specialized support for custom glass, copper, and reclaimed wood garage doors that require precision balancing and high-cycle hardware.

The Mesa & The Willows: Rapid-response spring replacement and safety tune-ups for active families who rely on their garage as their primary home entrance.

Ascension & Trilogy: Installation and troubleshooting of the latest WiFi-enabled, battery-backup opener systems that meet the high-tech standards of these new builds.

Preserving Property Value and Security A malfunctioning garage door is more than an inconvenience; in Summerlin South, it is a matter of home security and curb appeal. Open Sesame's Elite South fleet carries a wide array of HOA-approved replacement panels and hardware, ensuring that any repair or installation maintains the strict aesthetic integrity of the master-planned community.

To celebrate the deployment of the new fleet, all residents within the 89135 and 89148 zip codes
