MIAMI, FL, UNITED STATES, January 19, 2026

[/EINPresswire.com/](https://EINPresswire.com/) -- The Soriano Group & Family Office, led by visionary entrepreneur Marco Antonio Soriano, is proud to announce its official induction into the Italy America Chamber of Commerce Southeast (IACCSE) in Miami. This strategic alliance marks a pivotal moment in the bridge between European heritage and American innovation, positioning the Soriano ecosystem as a cornerstone participant in the upcoming 2026 G20 Summit.

*A Vision Born in Childhood*

For Marco Antonio Soriano, the "Soriano" name has always

been synonymous with movement, style, and legacy. What the world sees today as a multi-sector conglomerate was once a child's dream. Growing up within a lineage of Italian innovation, Marco's childhood vision was to unite the artisanal soul of Italy with the high-performance technology of the future.

Today, that vision is a reality. By joining the IACCSE in Miami—the gateway to the Americas—Soriano is solidifying a transatlantic bridge that allows Italian craftsmanship to thrive within the most advanced technological frameworks in the world.

The 2026 G20: A Showcase of Innovation

As the world prepares for the 2026 G20 Summit, the Soriano Group is ready to lead the conversation on the "Future of Global Assets." Under the banner of this new partnership, the group will showcase a three-pillar exhibition of innovation:

[Arius Technology](#) (The New Renaissance): Showcasing the "Forensic DNA" of art. Using the world-renowned Moneta scanner, Soriano is leading the mission to preserve global cultural heritage with 10-micron precision—a technology recently highlighted by PBS NewsHour.

[Soriano Motori](#) (Art in Motion): The 2026 lineup of high-performance electric motorcycles, representing the pinnacle of Italian engineering, sustainability, and "The Great Synthesis" of man and machine.

[Soriano Fashion](#) (The Fabric of the Future): A collection that blends timeless Italian elegance with smart-textiles and sustainable manufacturing, proving that luxury and ethics are inseparable in the modern age.

Uniting Bridges: Italy to Miami

The partnership with the Italy America Chamber of Commerce (IACCSE) serves as the "Global

Headquarters" for this expansion. By anchoring the Family Office in Miami, Soriano is creating a conduit for Italian brands to scale into the Western Hemisphere while providing US investors access to the "Immortality Project" of Arius Tech and the disruptive energy of Soriano's lifestyle brands.

"My mission has always been to protect what is beautiful and accelerate what is possible," says Marco Antonio Soriano. "Joining the IACCSE is the final piece of the bridge. We are bringing the soul of Italy to the heart of Miami, and at the G20 this year, we will show the world that the future of technology is deeply human."
