

Off Leash K9 Training of Murrieta Spotlights Dog Obedience Training Options for Murrieta Area Owners

Obedience training options in Murrieta include private lessons, Board & Train, and in-home sessions within a 30-mile radius; free consults available.

MURRIETA, CA, UNITED STATES, January 20, 2026 /EINPresswire.com/ -- [Off Leash K9 Training of Murrieta](#) is spotlighting its dog obedience training options for local families seeking calmer walks, clearer communication, and more reliable command response in everyday environments.

The obedience training page describes common owner challenges such as pulling, ignoring commands, and reacting to people or other dogs in public. The goal of obedience training is improved reliability in core behaviors such as sit, come, and heel, along with better control around distractions during walks and outings.

“

Obedience training should make everyday life easier: calmer walks, clearer communication, and a dog you can trust around real-world distractions.”

Tom McGovern, Owner, Off Leash K9 Training of Murrieta

Training Options

Off Leash K9 Training of Murrieta outlines multiple formats to match different dogs, goals, and schedules:

Board and Train Programs

Board and Train is described as an immersive option where the dog stays with the training team and receives daily instruction. The page lists the following options:

- 2-Week On-Leash Program: teaches six core commands (come, sit, down, place, heel, off) and focuses on reliability

on leash.

- 3-Week Off-Leash Program: builds advanced obedience designed for off-leash control.

- 3-Week Reactive Dog Program: designed for dogs showing aggression, fear responses, or

intense reactions to other dogs and people.

- 4-Week "Rap Sheet" Rehabilitation Program: intended for severe or multiple behavior challenges, with a note that it does not guarantee a complete fix for all behaviors. The page also references an ExpeditePro™ add-on for owners who want to skip the waitlist and work directly with the Head Trainer, including an equipment bundle.

Private Training Sessions

Private lessons are presented as an option for owners who prefer hands-on involvement throughout the process, including Basic Obedience, Basic & Advanced Obedience, and Basic Marker Mastery™. The page notes Basic Marker Mastery™ as a clicker and treat-based option, and also notes puppies under five months can begin with clicker and treat foundation training.

In-Home Sessions

The page notes in-home training sessions are available within a 30-mile commute, which can help address household-specific behaviors and practice obedience in the dog's primary environment.

Guarantee and Policy Notes

The FAQ section on the page describes lifetime refresher training for Board and Train graduates and states that, by program completion, dogs will be obedient in advertised commands. It also describes a 100% refund option for private lessons after the initial lesson if the owner is not satisfied.
