

# Galt Phranchise™ System Expands into New York

*Galt Phranchise™ System is proud to announce its expansion into New York with the launch of 6 new franchise territories across the state.*

NEW YORK, NY, UNITED STATES, January 20, 2026 /EINPresswire.com/ -- Galt Phranchise™ System, the pharmaceutical franchise model redefining community-based healthcare, is proud to announce its expansion into New York with the launch of 6 new franchise territories across the state.

This strategic growth marks a significant milestone in Galt's mission to empower local entrepreneurs and healthcare professionals to deliver high-quality pharmaceutical care directly within their communities. With this expansion, Galt continues to lower barriers to entry into the highly regulated pharmaceutical industry, enabling compliant, patient-centric enterprises that serve neighborhoods with authenticity and care.

“

Their commitment and passion to community health and entrepreneurial spirit is in alignment with our vision of transforming pharmaceutical access through local ownership.”

*Mike Harley*

“We’re thrilled to welcome these new franchisees into the Galt family,” said Mike Harley, Chief Franchise Officer of Galt Phranchise™ System. “Their commitment and passion to community health and entrepreneurial spirit is in alignment with our vision of transforming pharmaceutical access through local ownership.”

Galt Phranchise™ System continues to enhance the traditional pharmaceutical model by offering a scalable, franchise-based approach that prioritizes community

engagement, regulatory compliance, and sustainable growth. With this expansion, Galt is

deepening its footprint in New York, bringing its FDA-approved prescription portfolio and educational outreach to Brooklyn, while expanding access to innovative treatments and building strong partnerships in Queens.

#### About Galt Phranchise™ System (“GPS”)

Founded in 2018, Galt Phranchise™ System is redefining pharmaceutical distribution by creating a unique franchise opportunity for entrepreneurs to own and operate local pharmaceutical sales enterprises. The GPS model empowers individuals to promote health-related products through education, outreach, and relationships—while providing superior support to navigate the complexities of the pharmaceutical industry.
