

Tribute To Famous 1776 Continental Dollar Available Exclusively From Rare Collectibles TV

Limited-edition gold and silver commemoratives have a dual date, 1776-2026, to celebrate the 250th anniversary of American Freedom

LOS ANGELES, CA, UNITED STATES, January 21, 2026 /EINPresswire.com/ -- A timely tribute to one of the most iconic and symbolic coins of the early United States, the legendary 1776-dated Continental Currency dollar, is now available exclusively from Rare Collectibles TV (www.RareCollectiblesTV.com).

The new, limited-edition Mint State silver and gold semiquincentennial commemoratives, featuring the dual date 1776-2026, honor the legacy of Founding Father Benjamin Franklin and the 250th anniversary of the signing of the Declaration of Independence on July 4, 1776 that gave America freedom.

"The Continental Dollar was the coin of revolution, a great emblem of a new nation! When it comes to early American history and the symbols that defined our nation's fight for liberty, the 1776 Continental Dollar has stood as a cornerstone for over two centuries," stated Jack McNamara, Co-Founder of Rare Collectibles TV.

"This remarkable coin was the first great emblem of a new nation, a masterpiece of historic freedom forged during the dawn of the United States of America itself," explained McNamara.

"Founding Father Benjamin Franklin's unmistakable Fugio design of a sundial showcasing the

motto 'Mind Your Business' on the obverse, as well as his 13 linking rings reverse design with the motto, 'We Are One,' represent the work ethic and bond of the original 13 colonies," he explained.

With just 499 one-ounce gold examples and only 999 five-ounce silver specimens struck, RCTV's 1776 - 2026 250th Anniversary Continental Dollars rival even the low mintage of the originals.

"These limited-edition commemoratives capture a patriotic masterpiece that symbolizes the revolutionary fight for American freedom; an icon that speaks to the courage, determination, and unity that continues to make America the greatest country on Earth. Once they're gone, they will never be struck again," advised McNamara.
