*Raïssa Mboma unveils a breakthrough business framework teaching service providers the identity, structure, and systems needed to scale with consistency.*

DALLAS, TX, UNITED STATES, January 22, 2026 /EINPresswire.com/ -- Business Strategist Raïssa Mboma Releases Breakthrough Book [From Stuck to Sold Out™](#), A New Framework Helping Service Providers Build Predictable Client Attraction and Consistent Income

Predictability is the foundation of freedom — you're not stuck because you're not skilled, but because you're running your business without a system."

*Raïssa Mboma*

Business strategist, entrepreneur, and founder of the Stuck to Sold Out™ Method, Raïssa Mboma, announces the official release of her new book, *From Stuck to Sold Out™: The Identity. The System. The Strategy.* Already gaining momentum among service providers and early readers, the book introduces a powerful, accessible framework

designed to help coaches, freelancers, and service providers finally achieve consistent leads, predictable revenue, and sustainable business growth.

Grounded in Raïssa's personal journey and years of experience in helping service providers get clients on demand, *From Stuck to Sold Out™* reveals why many entrepreneurs aren't actually stuck — they're simply operating without the systems required to grow.

"You're not stuck because you're not skilled," Mboma explains. "You're stuck because you're running your business without a predictable system. Once your identity aligns and your business structure is clear, client attraction becomes inevitable."

## A Framework Built for the Modern Service Provider

Unlike traditional business books that focus on scattered marketing tactics, *From Stuck to Sold Out™* dives into the three foundational pillars that determine whether a business becomes consistent or remains unstable:

Identity — The mindset and self-concept shift required to show up as the leader your business needs.

System — The operational structure that turns an offer into a sellable asset rather than a guessing game.

Strategy — The weekly rhythm used by top service providers who stay fully booked month after month.

The book is not a tech manual. It is the missing foundation needed before funnels, ads, and content can begin working predictably.

Readers learn:

What makes client acquisition feel easier

Why offers stop converting (and how to fix it)

How to build a structure that supports consistency

The rhythm that creates booked-out calendars and stable income

“This book teaches the foundations required for your business to work — so when you’re ready, the Stuck to Sold Out™ System takes you the rest of the way,” Mboma says.

### A Growing Thought Leader for Service Providers

Raïssa Mboma has quickly become a rising voice among service-based entrepreneurs looking to scale without burnout. As the creator of the Stuck to Sold Out™ Method and the weekly “From Stuck to Sold Out” live business training, she has helped service providers clarify their offers, build simple client-attraction systems, and generate predictable leads using clean, repeatable processes.

Her own journey — from feeling lost after life transitions to rebuilding her identity and creating a thriving business — is woven into the pages of the book, offering deep emotional resonance for readers navigating their own transformations.

### A Natural Bridge Into Her Flagship Program

The book also serves as a foundational companion to Mboma’s signature 8-week program, Stuck to Sold Out™, where entrepreneurs apply the framework step-by-step to create consistent client flow.

implementation. You get the systems, the launch strategy, and the weekly plan to go from unpredictable to fully booked.”
