BEVERLY HILLS, FL, UNITED STATES, January 23, 2026 /EINPresswire.com/ -- National investment loss and securities law firm [KlaymanToskes](#) issues an important notice to customers of Emerson Equity who purchased [Inspired Healthcare Capital \("IHC"\)](#) investment offerings, including the IHC Liquidity Fund. The law firm urges all investors who suffered losses to contact the firm immediately at 888-997-9956.

KlaymanToskes reports that the firm has filed a FINRA arbitration claim (Case No. 25-02561) against Emerson Equity on behalf of a group of investors seeking to recover \$1,000,000 in damages. The customers allege they were recommended to invest in the Inspired Healthcare Capital Liquidity Fund, by Emerson Equity and its financial advisor, Phillip Falk (CRD# 2372997).

According to the claim filed by KlaymanToskes, Emerson Equity served as the managing broker-dealer for the IHC offering and received substantial commissions, including selling commissions, expense reimbursements, and sponsor fees totaling up to 12.5% of offering proceeds. The claim alleges that these commissions created a financial incentive for Emerson Equity and its financial advisors to recommend the investment to customers.

KlaymanToskes' investigation found that less than two months after the investors' final purchase, income distributions stopped. On September 12, 2025, Inspired Healthcare Capital notified

investors that “no distributions will be made at this time,” suspending distributions across its investment programs and leaving many investors without anticipated income.

The suspension of distributions followed the filing of a fraud lawsuit by Emerson Equity Bridge Fund I, LLC, an affiliate of Emerson Equity. The lawsuit (Case No. 25vecv05053) was filed against Inspired Healthcare Capital and its CEO Luke Lee in connection with a \$1.5 million loan issued in December 2024. According to the complaint, IHC and Lee allegedly misrepresented the company’s financial condition, failed to disclose significant liabilities, including over \$200 million in personal guarantees, defaulted on the loan, and failed to respond to a repayment demand due September 1, 2025.
