“

People are often vulnerable during these times, it feels pretty cut throat. I wanted to compile a guide with realistic advice written by someone who had been in the readers shoes”

Claire Nicolé

Letting Go Guide

Prior to writing 'Letting Go: The Ultimate Guide to a Guilt Free House Clean Out', Claire had overseen various moving projects. These included cleaning out a hoarding relatives house and lock up, plus an apartment owned by an individual suffering challenging PTSD hoarding related issues. The major test came after her father-in-law passed away. This left Claire, her husband, and sister-in-law to empty an extensive property which was full to the rafters after a life well lived.

None of them had been in this position before. Deep in grief, exhausted and overwhelmed they looked for a place to start. The mammoth task of cleaning out the house and getting it fit for sale took over a year, with many ups and downs along the way but finally, they got there!

'Letting Go: The Ultimate Guide to a Guilt Free House Clean Out' is the guide Claire and her family wished they'd been given; a no-nonsense map, navigating you from start to finish during a challenging time. Your situation might be because of the death of a loved one, a divorce, property sale, or a downsizing and lifestyle change.

Her easy-going light humor sets a realistic tone for family dynamics, and provides the basic

communication tools required to keep you all kindly on track. It's the perfect tonic [for realtors and estate lawyers to gift clients who find themselves needing](#) to empty a property.

"People are often vulnerable during these times. Lots of businesses leave flyers and call you looking to make money, it feels pretty cut throat. I wanted to honor the family members we'd lost, this whole phase and all the heavy work we had done, both physically and emotionally. I knew how valuable and needed straightforward information was. I sat down with my husband and sister in-law, we went over all the experiences during this process, and what we would do differently if in the same position again. I wanted to compile a guide with realistic advice written by someone who had been in the readers shoes" Claire Nicolé, author.

"Our family spent a LOT of time just spinning in circles. This approach is straightforward, which is really what people need"

Kathy, Homeowner & Property Inheritor.

"As a real estate broker, I am often present at moments when a home must be prepared for sale after significant change. This book thoughtfully illuminates that process, giving sellers a clearer understanding of what to expect and how to move forward with intention."

Luminous Antonio www.LuminousRealty.com

"Letting Go approaches the tender yet necessary task of clearing the home of a loved one with compassion and practical guidance. It offers a wealth of information to help navigate through an overwhelming process."

Kim Boykin, Author.

Letting Go: The Ultimate Guide to a Guilt Free House Clean Out is available from February 1st wherever you buy books.
