Prime 1 Studio announced "Batman: The Berserker Rage Mode" Statue. Pre-orders began January 27, 2025 (JST), with release set for August 2027.

ASAKUSA, TAITO-KU, TOKYO, JAPAN, January 28, 2026 /EINPresswire.com/ -- Batman: The Berserker Rage Mode is joining the Ultimate Premium Masterline series from Prime 1 Studio.

This 1/4 scale statue depicts Batman in a Berserker-inspired form, a character concept originally envisioned by Prime 1 Studio. Equipped with the massive axe "Judgment of Faith," a weapon formed from four individual arms, the piece is designed with a strong silhouette and layered detailing, translating the studio's original dark interpretation of the character into three-dimensional form.

The statue features a full-face helmet representing the Final Form, with red LED illumination in the eyes. The armor is designed with an enclosing, restrained structure, emphasizing a heavy and imposing presence. The cape spreads outward, with sculpted bat motifs integrated into the overall composition.

Included with the statue are the Deathbringer Sword, Spear of Justice, Phantom Axe, and Demon Slayer, all provided in their individual, pre-fusion forms. Additional parts include a First Form head with an exposed mouth and a left arm featuring an extended wrist blade, allowing for multiple display configurations.

The DX Bonus Version also includes a Second Form head with a metallic finish. This additional head part offers an alternative display option exclusive to this edition.
