Plastic Surgeon Dr. Sam Speron Expands Into Natural Skincare Development

CHICAGO, IL, UNITED STATES, May 12, 2026 /EINPresswire.com/ -- For Dr. Sam Speron, one of Chicago's most trusted plastic surgeons, skincare has always been personal. After 26 years in private practice—and over 6,400 five-star patient reviews—Dr. Speron took his deep medical knowledge from the operating room to the skincare lab, launching Dr. Speron's Natural Skin Care, LLC.

"I saw patients struggle with irritation, scarring, and dryness after surgery," Dr. Speron recalls. "They needed products that were truly healing, not just cosmetic. That's what inspired me to create something better."

His philosophy: medical-grade results, natural simplicity. Every formula is designed to restore, protect, and balance the skin barrier using clean, evidence-based ingredients—without unnecessary additives.

The line's standout success, Best [Scar Support Treatment](#), has become a cult favorite for its ability to reduce redness, smooth texture, and accelerate recovery naturally.

"My brand isn't about hype," Dr. Speron says. "It's about trust, science, and results that patients can see."

Today, Dr. Speron's Natural Skin Care is recognized as a bridge between clinical expertise and clean beauty, serving customers nationwide through [DrSperonsNaturalSkinCare.com](#).
