

CloudX to Demonstrate OEM and Vendor Statement Reconciliation Capabilities at NADA 2026

NORTH HAVEN, CT, UNITED STATES, February 2, 2026 /EINPresswire.com/ -- CloudX®, a SaaS company delivering clean data-powered [accounting automation solutions](#) nationwide, announced it will demonstrate its OEM and vendor statement reconciliation capabilities at [NADA 2026](#), from February 4–6, 2026, in Las Vegas.

At the show, CloudX will highlight how dealerships can manage and reconcile OEM and vendor statements more accurately and efficiently using APSmart®, its accounts payable automation solution. APSmart helps

accounting teams replace manual, spreadsheet-driven reconciliation processes with structured, data-driven workflows plus reduce rework and gain better visibility into outstanding balances across vendors and OEM partners.

“OEM and vendor statement reconciliation is one of the most time-consuming and error-prone processes in dealership accounting,” said Chris Cosgrove, Founder and Chief Revenue Officer of CloudX. “With APSmart, we give dealerships a reliable way to reconcile statements against clean, validated data, so accounting teams can close with confidence and spend less time chasing down discrepancies.”

Attendees can meet the CloudX team at Booth #7219N and learn how OEM and vendor statement reconciliation works inside APSmart as well as see how it can complement existing accounts payable and back-office processes. Demos will be available at the show by appointment.

CloudX's statement reconciliation capabilities are designed to integrate seamlessly with leading DMS solutions, so reconciled data can align easily with existing accounting environments. CloudX

supports [integration with major DMS platforms](#) including CDK Global, Dealertrack, Tekion, PBS Systems, DealerBuilt, Reynolds and Reynolds, and Talon.
