“

This project represents our commitment to blending art, architecture, and lifestyle in a way that truly elevates urban living.”

Susan LaFleur, Co-Founder

Atlantic Square is influenced by rhythm and music, gliding you seamlessly from one space to the next. The color palette, materials, and artwork were all meticulously curated to create a sense of performance as you enter each room. With a mix of bold textures, harmonious tones, and dynamic art installations, the design evokes movement and energy, transforming every corner into an experience that feels both vibrant and sophisticated.

“Atlantic Square captures the rhythm of Miami through vibrant design and curated art that transforms everyday living into an experience,” added Karrie Drinkhahn, One Line Co-Founder.

One Line Design Studio has crafted a stunning, resort-style oasis for residents to enjoy as they explore the amenities. One level features an outdoor dog park and a fully equipped outdoor gym, perfect for active lifestyles. On the top floor, residents are welcomed by a hotel-inspired

experience that includes a sophisticated leasing area, modern co-working spaces, and a state-of-the-art fitness center. This level also offers abundant outdoor lounging areas and two luxurious pools, ensuring there's something for everyone.

"Seeing Atlantic Square come to life has been incredible. This project represents our commitment to blending art, architecture, and lifestyle in a way that truly elevates urban living," said Susan LaFleur, One Line Co-Founder.

One Line looks forward to future openings with Atlantic Pacific later this year in the South Florida region.
