

# HazMat Safety Consulting Announces Free HazMat Safety, Compliance & Emergency Response Conference

WAXAHACHIE, TX, UNITED STATES, February 2, 2026 /EINPresswire.com/ -- HazMat Safety Consulting (HSC), a leading authority in dangerous goods regulatory compliance and risk management, announces the launch of a free HazMat Safety conference at Florida SouthWestern State College's (FSW) Lee Campus, 8099 College Pkwy., Fort Myers, Fla., Feb. 12-13.

“

As regulations evolve and hazardous materials risks increase, organizations need practical, actionable guidance—not just theory.”

*Ryan Paquet, President of HazMat Safety Consulting*

The HazMat Safety, Compliance & Emergency Response Conference is an event designed to equip professionals and trainers with the knowledge and tools needed to navigate today's increasingly complex hazmat landscape.

Funded by the U.S. Department of Transportation Hazardous Materials Instructor Training grant, the complimentary conference will bring together experts from

HazMat Safety Consulting, FSW, City of Fort Myers, Lee County, Sanibel, and other subject matter experts to address critical topics impacting hazardous materials management, including regulatory updates, incident prevention, emergency preparedness, and operational best practices.

The event is open to professionals involved in hazmat shipping, receiving, and compliance safety/EHS leadership and training managers, emergency response planning and public safety, warehousing, storage, and logistics operations, and any organization handling regulated materials (including lithium batteries).

“As regulations evolve and hazardous materials risks increase, organizations need practical, actionable guidance—not just theory,” said Ryan Paquet, President of HazMat Safety Consulting. “This conference is about helping professionals strengthen compliance, reduce risk, and respond safely and effectively when incidents occur.”

Conference highlights include:

\* Current and emerging hazmat regulatory requirements

- \* Best practices for safety and compliance programs
- \* Emergency response planning and real-world incident lessons
- \* Risk mitigation strategies for hazardous materials handling and storage
- \* Expert insights on improving safety culture and operational readiness
- \* Improving internal training for your employees

Registration is now open, and space is limited. To view the full agenda and register, visit:
