The DDMF has been a staple in the Bucks County community for over 10 years, providing music and art scholarships to students on the Bucks County Community College campus. With over 100 scholarships created to date, the foundation has been dedicated to supporting and promoting the arts in the local community. The Carlos

Santana Meditation Garden will be the latest addition to their efforts.

The garden will feature a unique guitar-shaped design, paying homage to both Carlos Santana and Danny DeGennaro. The space will also include elements of nature, such as plants and water features, to create a serene and peaceful atmosphere for students to meditate and reflect on the impact of music and art in their lives.

The DDMF is excited to bring this project to life and provide students with a space to connect with the arts and music world. The Carlos Santana Meditation Garden will serve as a reminder of the power of creativity and the importance of honoring those who have made significant contributions to the industry. The foundation hopes that this space will inspire and encourage students to pursue their passions and continue to keep the arts alive in the community.

DDMF invites the community to join them in celebrating this new addition to the Bucks County Community College campus and the legacy of Danny DeGennaro. For more information on the DDMF and their efforts, please visit their website at <http://dannydegennaro.org/>.
