NEW YORK CITY, NY, UNITED STATES, February 4, 2026 /EINPresswire.com/ -- ILLENIUM & FESTICATION CONFIRM EMBER SHORES 2026 RETURN TO RIVIERA MAYA (NOV. 20–22) Limited-capacity, all-inclusive destination festival to again take over Barceló Riviera Maya Resort with multiple stages and curated programming

Ember Shores, the destination electronic music festival curated by ILLENIUM in partnership with Festication, has confirmed its 2026 dates for November 20–22, 2026 at the all-inclusive Barceló Riviera Maya Resort in Riviera Maya, Mexico.

Designed as a “vacation-meets-festival” experience, Ember Shores integrates accommodations, resort amenities, and multi-stage music programming into a single, limited-capacity weekend. The event format differs from traditional camping or city-based festivals by placing stages and experiences throughout the resort footprint, allowing attendees to move between performances and resort activities without leaving the property.

Festival organizers note that, as an all-inclusive destination event, the experience centers on bundled packages rather than single-day entries. Packages typically include resort lodging and festival access, with additional travel booked separately.

“With destination festivals, the logistical innovation is the integration—stages, lodging, dining, and community programming are built into one environment,” said a NocturnalSD

spokesperson. "That format tends to pull in a high-travel audience, which can translate into meaningful demand for regional hospitality services, airport transfers, local excursions, and staffing."
