

Gaba Travel Launches Platform to Simplify Indian Destination Wedding Planning

Vancouver-based travel agency leverages its 50-year heritage to address unique planning challenges of multi-day Indian weddings across global destinations

VANCOUVER, BC, CANADA, February 5, 2026 /EINPresswire.com/ -- Gaba Travel has officially launched [Indian Destination Weddings by Gaba Travel](#), a dedicated platform designed exclusively for planning South Asian destination weddings. As modern couples increasingly seek culturally-attuned international celebrations, the platform provides couples and families with transparent access to curated venue options and specialized coordination services that understand the cultural and logistical requirements of these celebrations.

“

This platform bridges cultural traditions with the real complexities of destination travel planning.”

Nitin Gaba, Director of Operations, Gaba Travel

"An Indian wedding is a milestone event, and families deserve more than generic resources to navigate the complexities involved," said Nitin Gaba, Director of Operations at Gaba Travel. "We built this platform to

bridge the gap between cultural traditions and high-stakes global travel logistics. By focusing on the specific resort capabilities that support South Asian celebrations, we give couples clarity and professional structure from the very start of their planning journey."

While Gaba Travel has successfully coordinated Indian destination weddings for years, growing demand from the South Asian community has prompted the creation of this dedicated platform. The new brand consolidates decades of expertise into a focused resource designed specifically for multi-day South Asian celebrations.

Unlike general destination wedding resources, Indian Destination Weddings by Gaba Travel focuses specifically on venues and resorts equipped to handle the unique requirements of South Asian celebrations. The platform features detailed information on over 100 properties recognized for their proven experience accommodating events such as Mehndi ceremonies, Sangeet nights, traditional Baraat processions, and multi-day receptions.

"Many resorts claim they can host Indian weddings, but the details aren't always transparent online," added Gaba. "Our platform helps couples understand which destinations and properties truly work for their traditions, what they can realistically expect, and how to coordinate the travel logistics before making commitments."
