

# Polenergia Obrót Goes Live with Orchestrade ETRM Platform

*Orchestrade today announced the successful, rapid go-live of the Energy Trading and Risk Management (ETRM) platform at Polenergia Obrót S.A.*

LONDON, UNITED KINGDOM, February 10, 2026 /EINPresswire.com/ -- Orchestrade, a leading

“

Our selection of Orchestrade was based on its robust functionality and its technical readiness. Going live ahead of schedule confirms that we chose the right technology partner”

*Wojciech Zajac, President of the Management Board of Polenergia Obrót*

provider of innovative post-trade, cross-asset portfolio and risk management solutions, today announced the successful, rapid go-live of the Energy Trading and Risk Management ([ETRM](#)) platform at Polenergia Obrót S.A., the energy trading arm of Poland’s largest private, vertically integrated energy group, Polenergia. The comprehensive ETRM solution was implemented and fully operational in a record timeframe, underscoring Orchestrade’s efficient, modern architecture and Polenergia’s focused execution.

The swift deployment enables Polenergia Obrót to immediately leverage cutting-edge technology to support its critical role in marketing the Polenergia Group’s rapidly expanding portfolio of renewable energy production,

including wind and solar farms. The accelerated timeline ensures the company can swiftly meet the escalating demands of the Polish and European energy markets.

Wojciech Zajac, President of the Management Board of Polenergia Obrót commented on the successful deployment: “The energy transition demands agility and speed. Our selection of Orchestrade was based on its robust functionality and its technical readiness. Going live ahead of schedule confirms that we chose the right technology partner capable of delivering a complex, comprehensive ETRM platform with the efficiency required to immediately begin managing the hedging of our renewable production using structured PPA contracts and mitigating involved risks effectively.”

Orchestrade’s cloud-native ETRM platform provides Polenergia Obrót with a fully integrated solution built on a modern, event-driven architecture, supporting both physical and financial products, including power, gas, renewables, and environmental assets. The platform delivers straight-through-processing, real-time position and P&L, and advanced risk assessment tools

crucial for navigating volatile energy markets.

Jonathan Gane, Board Member for Orchestrade, added: "We are incredibly proud to have partnered with Polenergia Obrót to achieve such an impressive implementation timeframe. Our partnership and this go-live once more illustrates the flexibility of our ETRM solution, which is specifically designed for controlled and rapid deployment coupled with seamless integration. Polenergia's commitment to sustainable energy is aligned with Orchestrade's platform and empowering them to achieve their strategic objectives quickly is a testament to the strong collaboration between our teams."

The implementation positions Orchestrade as a key technology enabler in Polenergia's journey toward a sustainable, low-carbon future.

## NOTES TO EDITORS
