

# 49s Lottery Introduces Brunchtime and Drivetime Draws, Expanding Daily 6/49 Schedule

---

*49s Lottery expands its daily draw schedule with the launch of Brunchtime and Drivetime, increasing total draws to four per day.*

PRETORIA, PRETORIA, SOUTH AFRICA, February 13, 2026 /EINPresswire.com/ -- 49s Lottery has expanded its long-established daily 6/49 draw schedule with the introduction of two additional draws, Brunchtime and Drivetime, increasing the total number of daily draws from two to four.

The expansion builds on the existing Lunchtime and Teatime draws and reflects growing demand for more frequent draw opportunities across multiple international markets where 49s results are followed.

**\*\*Updated Daily Draw Schedule (UK Time)**

With the launch of the new draws, the full daily schedule is now:

Brunchtime — 11:49

Lunchtime — 12:49

Drivetime — 16:49

Teatime — 17:49

Each draw uses the established 6/49 format, in which six main numbers and a bonus ball are drawn from a pool of 49 numbers. Results are generated independently for each draw.

**\*\*Access for South African Players and Audiences**

Due to strong historical interest in 49s results within South Africa, draw information is commonly followed in South African Standard Time (SAST) rather than UK time.

To support this audience, a dedicated independent results website [Lunchtime Results](#), provides South African users with:

Draw updates displayed in South African local time

Daily result summaries tailored to the South African audience

Separate result pages for the newly launched draws:

The site operates as an informational results and updates platform and is intended to help South African users track draw outcomes conveniently across all four daily draws.

International Reach and Market Context

The 49s draw format has been followed internationally for many years, particularly in regions where frequent-draw lottery formats are popular. The addition of Brunchtime and Drivetime extends the game's daily cadence and aligns draw times more closely with varied player routines across time zones.

The new schedule also reduces gaps between draws, offering more consistent coverage from late morning through early evening in UK time, with corresponding afternoon and evening accessibility in South Africa.

About 49s Lottery
