The fourth-generation Continental GT S models are the fastest and most powerful to carry the S badge. At the heart of the new GT S and GTC S is Bentley’s advanced High Performance Hybrid powertrain, producing an astonishing 680 PS and 930 Nm of torque—a significant increase of 130 PS and 160 Nm over the previous generation S models. When fully deployed, this powerhouse propels the Continental GT S from 0–60 mph in just 3.3 seconds, with a top speed of 190 mph, making it one of the most exhilarating grand tourers Bentley has ever built.

Paired with the Bentley Performance Active Chassis, derived from the Continental GT Speed, the S specification delivers enhanced agility, sharper handling, and a more engaging driving experience. Despite its thrilling performance credentials, the hybrid system also offers up to 50 miles of pure electric driving, showcasing Bentley’s commitment to sustainable luxury without

sacrificing excitement.

A newly tuned sports exhaust system amplifies the character of the 4.0-liter crossplane V8, delivering a rich, emotive soundtrack that matches the vehicle's commanding performance. The result is a driving experience that is both visceral and refined—true to Bentley's grand touring heritage.

Visually, the Continental GT S and GTC S make a striking statement. Exterior highlights include the Blackline Specification, Precision Design headlamps, and distinctive 22-inch ten-spoke wheels, all contributing to a confident, athletic stance. Inside, the cabin reflects the model's sporting intent with exclusive color splits, Dinamica inserts, and Piano Black veneer as standard, blending luxury with a modern, performance-driven aesthetic.

Bentley Rancho Mirage is located at 71387 Hwy 111, Rancho Mirage, CA 92270. Hours of operation are Monday-Saturday, 9:00am to 5:00pm. For more information visit <https://www.bentleyofranchomirage.com/>
