

Solano County Mortgage Broker Tim Stacey Publishes 2026 VA Loan Education Resources

Updated 2026 VA loan education resources help California veterans and first-time homebuyers understand mortgage options and refinancing strategies.

FAIRFIELD, CA, UNITED STATES, February 16, 2026 /EINPresswire.com/ -- [Stacey Solutions](#) powered by Xpert Home Lending, Inc., announced the publication of updated 2026 educational resources designed to help veterans, active-duty service members, and first-time homebuyers better understand VA home loans, refinance options, and common cost factors before choosing a mortgage strategy.

Based in Solano County, the firm serves homebuyers and homeowners throughout Northern California and statewide. Its work includes VA purchase loans, VA Interest Rate Reduction Refinance Loans (IRRRLs), FHA financing, conventional loans, and refinance planning for eligible borrowers.

“

Home financing should feel clear and safe. Our goal is to help people understand their options and make confident long term homeownership decisions.”

Tim Stacey

The resources are intended to support more informed decision-making at a time when federal agencies continue to warn consumers about misleading mortgage marketing, particularly any messaging that implies government endorsement or affiliation.

“Home financing should feel clear and safe,” said Tim

Stacey, founder of Stacey Solutions. “Our goal is to help people understand the options available to them and choose a path that supports long-term stability through homeownership.”

Why the broker model matters for borrowers

A mortgage broker is not the lender. Instead, brokers help borrowers compare loan options across different lenders and programs based on the borrower's goals and eligibility. Stacey Solutions works through the wholesale channel to help qualified borrowers evaluate options that may differ from what a single retail lender offers.

Service area

Stacey Solutions works with borrowers in Fairfield, Vacaville, Suisun City, Dixon, and surrounding communities, including those relocating to or from Travis Air Force Base.
